# Evaluation of the LGA Sector Led Improvement programme for Children's Services

This report presents the findings of the evaluation, undertaken by Shared Intelligence, of the Children's Services SLI Programme delivered by the LGA.

[Children and young people](#) | [Sector-led improvement](#) | 30 Jul 2020

The evaluation assesses the extent to which support has led to improvements in children's services; with specific identification of the parts of the offer that have led to positive impacts. It also examines whether there should be a change in focus of the offer to help better address the issues and challenges councils are facing.
