

CARE LEAVERS CONFERENCE

SESLIP
South East Sector Led
Improvement Programme

2ND NOVEMBER 2023

Call for workshops and exhibitors

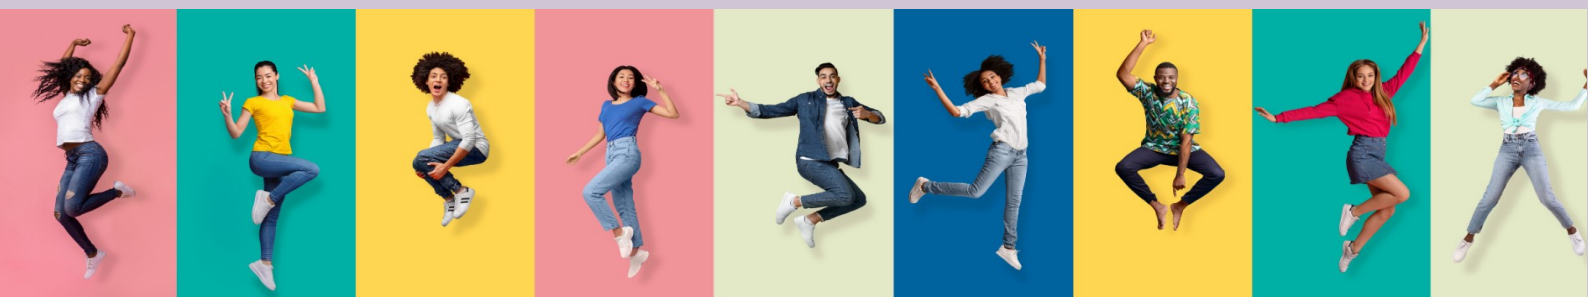

The convening of a conference is an opportunity to develop regional knowledge and practice, share best and emerging research and practice ideas against the backdrop of developing Ofsted requirements and increasing demands on Local Authority services to improve outcomes for care leavers.

We are seeking contributions from practitioners and researchers to facilitate workshops lasting 45 minutes for care leaver managers from up to 19 different local authorities.

The conference objectives include: Raise awareness and understanding of practice requirements and developments Share and promote best practice/ share strategic approaches to implementation Empower youth participation in the conference as speakers and collaborators in workshops shaping service improvements Foster Collaboration and partnerships between services create sustainable Initiatives.

For researchers this is an opportunity to disseminate findings directly to senior social care managers for practitioners and managers this is your opportunity to learn about regional developments, achievements, and share practice ideas to support improvements for care leavers. we particularly welcome input from adult voluntary or statutory services.

Additionally we have space for exhibitors to reach a large audience.

Proposed workshops and exhibitors email sectorled@hants.gov.uk by 15.09.23
