Progress Update: Development of the SEND Banding Tool

November 2025

1

Introduction

Purpose: To update on
progress in developing a
SEND banding tool

Aim: Create a fair,
transparent, needs-led
system for mainstream
settings

2

Introducing Elucidate

Elucidate

A clearer way

Core Mission of Elucidate

- Elucidate aims to make understanding and meeting children's needs clear and transparent.

User-Friendly Platform

- The platform uses modern web technologies to provide an accessible and robust environment.

Needs-Led Assessment

- SEND Banding Tool powered by Elucidate enables fair and consistent assessment of individual needs.

Digital Transformation

- Elucidate represents a significant step in digital transformation for SEND services and collaboration.

4

Starting a new assessment

Initial Data Entry

Streamlined workflow

Ensuring data accuracy

Tracking and reporting

5

Completing the questionnaire

Structured questioning

Consistent data collection

Simple navigation

6

Results

Comprehensive Result Overview

The summary presents identified needs across the four domains clearly and comprehensively.

Accessible and Clear Format

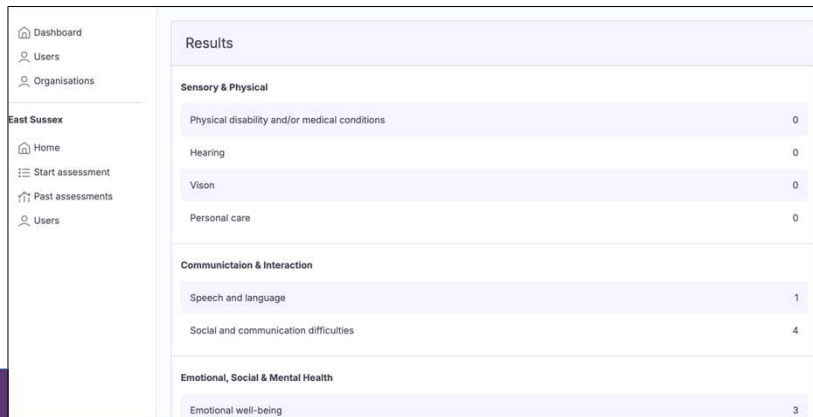

Results are formatted to be easily understood by practitioners, families, and decision-makers for quick insight.

Supports Collaborative Planning

Transparent summary facilitates shared understanding and collaboration among all stakeholders involved in care planning.

Enables Evidence-Based Decisions

Accessible outcomes empower practitioners to make informed decisions and support ongoing monitoring and review.

Results	
Sensory & Physical	
Physical disability and/or medical conditions	0
Hearing	0
Vision	0
Personal care	0
Communication & Interaction	
Speech and language	1
Social and communication difficulties	4
Emotional, Social & Mental Health	
Emotional well-being	3

7

Demonstration

8

Reviewing past assessments (In development)

Assessment Tracking System

Will provide a reliable system to track and access past and ongoing assessments for each child or young person.

Monitoring Progress Over Time

Practitioners can monitor individual progress, identify patterns, and ensure continuous support and care.

Supporting Reflective Practice

Reviewing past assessments supports reflective practice and quality assurance by revisiting earlier decisions and updating plans.

Enhancing Accountability and Improvement

Comprehensive records enhance accountability and foster a culture of continuous improvement within SEND services.

9

Next Steps

December

- Conduct trials, gather feedback

January:

- Finalise v1
