

SESLIP LEAN ACADEMY

Improving SEND & Children's Social Care through Lean Process Mapping

- White Belt and Yellow Belt courses for confident, practical service improvement training in Lean Six Sigma methodology
- One and Two day courses, respectively, Teams and F2F both available on request
- Build a shared language of improvement, learn the core Lean tools, and apply them to real SEND and Children's Services challenges, e.g. Local Government Reorganisation, SEND Reform restructuring, Annual Reviews, Complaints Process
 - ✓ Spot waste
 - ✓ Map processes
 - ✓ Improve workflow
- Accessible, practical and team based
- Designed for colleagues who want to improved how work happens, not just understand the theory.

SESLIP LEAN ACADEMY

What Participants Learn

White Belt

A clear introduction to Lean thinking: value, waste, flow, variation and the basics of continuous improvement.

Apply it straight away

Use real service examples so learning translates quickly into action.

Yellow Belt

A deeper toolkit for improving services: process mapping, problem analysis, root cause thinking and practical improvement planning.
